

# INCOME TAX LAW CHANGES

The Tax Cuts and Jobs Act (TCJA), signed into law in December, 2017, has dramatically changed many of the basic tax laws we have all become accustomed to. Not only have many of the laws changed, many of the basic forms, including the federal form 1040, have had major changes as well.

Presenter Heidi Parchmann, MSPA, EA, has been the owner of the Rocky Hill Liberty Tax Service Franchise for 16 years. Heidi specializes in individual and small business income taxes, as well as small business accounting.

*In this world nothing  
can be said to be

and taxes.*
